General advice and support to help you with your progression route for September

Whatever progression plan you have you have there are a large number of people who you can contact for information, advice and support. Please do not sit at home worrying about what you are going to do in September if you do not currently have a plan. We are here to help. The easiest way to contact is via email and these are listed below. Please note that these people can only support you with planning for what you are going to do in September (if you do not currently have a plan). Information about your exam grades is detailed on a separate sheet and any queries regarding these should be emailed to our examinations officer.

If your query is specific to a particular institution such as Jesmond Park Academy Sixth Form, a College or an Apprenticeship then you should contact them directly rather than the people listed below.
