

**Jesmond Park
Academy**

YEAR 11

**Examination, lesson and examination warm up timetable
Student and Parent/Carer Guide**

Examinations are shaded in green (if everyone is sitting the exam the lessons above are shaded in green too), exam warm ups (before school, during the day, lunchtime or Period 7) sessions are shaded in blue.

Attendance to school during the examination time is compulsory. This includes attending all lessons, guided revision sessions and exam warm ups where identified. The lessons that will become guided revision sessions are shaded in red. Your teachers will advise you on this. Unless otherwise directed you go to your usual classroom. You are expected to provide your own work for guided revision sessions and you are expected to work in silence. You have revision guides for all of your subjects to support you with this.

You should use the timetable below alongside your personalised examination timetable (which shows you the room to go to for your examination and your seat number) to manage your time over the examination period.

Use the timetable overview to see where the before school, lunchtime or P7 warm ups are taking place and whether they are compulsory for all students or operating as a 'drop in'. If it says **COMPULSORY** then you must attend. If it says **DROP IN** then it is not compulsory to attend and access the support from your teacher during the warm up. If the venue of the warm up is not listed we will tell you on the day or in advance of the day.

- The examinations are not the same as contingency assessments. **If you miss them you cannot catch up at another time. If you miss them you will not get a grade in that paper.**
- The morning examinations start once all students have been called in and no later than 9:00am. In the afternoons, you should report to your exam venue at 1:00pm at the end of lunch. The afternoon examinations start as soon after 1:00pm as possible once all students have been called in. At the end of an examination you return to your lesson.
- You should arrive with all of your correct equipment for each examination. (**Black** pen, pencil, ruler, rubber, clear pencil case, scientific calculator if appropriate) and any other equipment you need for the exam.
- Mobile telephones, (including associated headphones) or other electronic devices must be turned off (not on silent) and be in your bag.
- Watches cannot be worn and must be kept in your school bag also.
- You must behave according to examination-board protocols, which includes silence at all times in the examination hall, no attempt at communication with other students in the examination hall, and to follow all directions and instructions from the examination invigilators.
- You **must** wear full school uniform for all examinations.
- If you are ill on the day of the examination, or you are at risk of not arriving on time for the examination, your Parent/Carer must contact the school by telephone as soon as they are able to do so.
- **You must also be available on the GCSE Examination Contingency day on Wednesday June 29th should the examination board have need to rearrange an examination due to an emergency unforeseen circumstance (such as an examination paper being leaked online).**
- If you have any queries speak to any of your subject teachers, your Form Tutor, the Year 11 Team or the Examination office.
