## **Purpose and aims**

At Gosforth Group, we put the child at the centre of everything that we do. We want children and young people to feel valued and cared for, safe and prepared academically and emotionally for adulthood.

**This can only be achieved if students are in school regularly, and on time.**

This policy applies to all students registered at our school and ensures that swift action is taken to secure strong attendance from our students.

We know that students who attend well have the best chances of success academically and socially. They are more likely to achieve well in examinations and assessments and more likely to form secure and lasting friendships.

Excellent attendance is everyone's business. Improving attendance is in everyone's interests. We aim to secure good attendance by building strong relationships with students, parents and carers so that we can support them to reduce any barriers to school attendance.

There may be instances when school leaders need to have challenging conversations with parents or carers about their child's attendance. Our staff will always maintain a professional and courteous manner, while acting in the best interests of the student.

## **Why attendance matters**

We know that students who are frequently absent from school fall behind. We have a meticulously planned curriculum which sets out exactly what students should be taught at every stage of the year. When students are absent, they risk developing large gaps in their learning. This negatively impacts on their progress. Absence can also affect their social interactions with their peers and may impact upon their friendships.

All students are expected to attend school every day that the school is open and for the full day. Having the highest possible attendance means that students get the most from school so that they are well prepared for their next steps in education, training or employment.

**Our Trust and school target for students' attendance is 97%**

Attendance that falls below this needs to improve because it risks having a negative impact on the student, including how well they learn the school's curriculum and how well they build secure and lasting friendships. For example, a student with 94% attendance will miss nearly two and a half weeks of school each year. That is the equivalent of missing more than 60 individual lessons.

Attendance lower than 90% is very concerning and means that the student meets the Department for Education's (DfE) criteria as persistently absent. This level of attendance means that a student is absent for nearly four weeks of school each year. That could be up to 100 lessons missed.

Attendance lower than 50% is considered by the DfE to be 'severe absence'. This means that a student may be missing more than 19 weeks of school each year. That equates to around 500 lessons missed.

## Roles and responsibilities

### Gosforth Group Board of Trustees

The Board of Trustees will ensure that attendance remains a high priority for us as a Trust/school by:

- Recognising the importance of school attendance and actively promoting it through the Trust's ethos and policies.
- Having high expectations for standards of attendance across all Trust schools.
- Ensuring that the Trust and each school meets their statutory responsibilities in relation to attendance.
- Reviewing the attendance data for each school and across the Trust and delegating responsibility to the Trust's executive team to provide support and challenge where needed to improve attendance.
- Ensuring that staff have received adequate training on attendance.
- Ensuring that best practice in securing high attendance is shared between schools within the Trust.

In addition, each school's Governing Committee (GC) have oversight of individual school attendance on behalf of the Trust board, offering support and challenge to leaders.

### School

Role	Name	Contact Details
Executive Headteacher	Steve Campbell	0191 2818486 <a href="mailto:admin@jesmondparkacademy.org.uk">admin@jesmondparkacademy.org.uk</a>
Head of school	Dave Merrifield	
Attendance Team	Ashleigh Reynolds, Emma Morris, Laura Toole, Philippa Pattison.	
Designated Safeguarding Lead	Chris Mason	

All staff at our school recognise that **attendance is everyone's responsibility**. All staff aim to provide a positive learning environment for students, where they achieve, thrive and belong. We will provide an enriching and engaging curriculum so that all students look forward to coming to school every day.

The Head of School will maintain oversight of attendance on at least a fortnightly basis. They also have responsibility for overseeing the school's strategy for promoting a culture of regular attendance and reducing the barriers to attending school for identified students. They will ensure that:

- This policy is consistently applied throughout the school by all staff.

- Staff actively promote the importance of excellent attendance and punctuality to students and their parents/carers.
- There is a high-quality education that encourages all students to attend well and to achieve well. This includes the use of rewards and awards to encourage good attendance.
- Attendance and punctuality data is accurately recorded, including the prompt completion of registers daily.
- Attendance data is analysed regularly by leaders throughout the year to identify patterns and trends, using this data to identify and support students and specific cohorts whose attendance is of concern.
- Attendance is regularly reported to the school's Senior Leadership Team, the Governing Committee and the Trust's executive team.
- Appropriate strategies are in place to celebrate good attendance.
- Well planned strategies for tackling unsatisfactory attendance and poor punctuality are in place.
- Individual action plans are co-ordinated for students whose attendance and/or punctuality is causing concern.
- First-day calling procedures are used correctly if a student is absent from school and school has not received any contact from parents/carers.
- Effective liaison with external agencies, such as the local authority, is undertaken where necessary. The school will also challenge external agencies if they feel it is necessary to do so because a student or family is not receiving the appropriate support. Equally, the school will be receptive to challenge from agencies in return.

### **All staff**

All staff in school will promote the importance and value of good attendance. They will ensure that registers are accurately recorded and completely in a timely fashion. By providing students with good teaching and learning experiences, they will encourage all students to attend school frequently.

Staff understand that poor attendance increases safeguarding risks. Staff know that they have a key role to safeguard students by supporting and promoting excellent attendance. Staff also set a good example through their own attendance and punctuality.

Good attendance from students will be celebrated in school.

Staff will build positive relationships with students, parents and carers as key stakeholders in our school community. Where staff have concerns about a student's attendance, this will be shared with parents and carers in a professional and supportive way, seeking to work together with the family to improve the student's attendance. This will include looking to address any in-school barriers to attendance. Where necessary, such as where barriers are outside of the school's control, staff may also engage with external agencies to help students to attend regularly. For example, schools may suggest that a referral to Early Help would be useful to address any barriers to attending.

## Recording absence

Nominated school staff will manage contact from parents about absence and record this on the school system. Staff should make sure that the reasons for absence are clear and record sufficient detail to allow those with overall responsibility for attendance to identify any trends in the reasons for poor absence.

## School Attendance Team

Mrs Ashleigh Reynolds, Attendance Admin Assistant  
Mrs Emma Morris, Attendance Admin Assistant  
Mrs Laura Toole, Attendance Admin Assistant  
Mr Paul Lumsden, EWO

## Parents and carers

Parents and carers have a key role to play in ensuring good attendance. There are additional legal duties on parents and carers to ensure that their child attends school regularly. This means that any absences should only be for a very small number of allowable reasons, such as a student being too ill to attend school. Therefore, it is important that parents and carers:

- Make sure that their child attends school every day on time.
- Ensure that their child returns to school as quickly as possible after any period of illness and consider the NHS guidance on when it is necessary for a child to stay away from school due to ill health ([Is my child too ill for school? - NHS \(www.nhs.uk\)](https://www.nhs.uk))
- Do not expect the school to automatically agree to any requests for absence or condone unjustified absence from school.
- Work with the school to reduce all identified barriers to non-attendance.
- Ensure that, where possible, appointments for their child (such as medical appointments) are made outside of the school day.
- Ensure that their child remains in school for the full school day, as removing the child for part of the session also constitutes absence.
- Call the school to report any absence before 9.00 am on the day of absence and advise when they anticipate that their child will be back in school.
- Provide at least two emergency contact numbers for their child.

## Students

Students are expected to attend school regularly and on time. They should register at the appropriate times and attend all lessons in the school day promptly.

If students become aware of any barriers to them attending school regularly, then they should talk to staff in school so that the right support can be identified and put in place.

## Day-to-day procedures

All registers are recorded on our school management information system (MIS) which is called SIMS. A register must be taken at the start of each morning session and once during the afternoon session. On each occasion, staff must accurately record who is present in school and who is not. This ensures that no students are missed, and that information can be shared quickly and securely so that absence can be followed up.

Our morning session starts at 8.30 am. The register is taken at 8.30 am. Students who arrive after this time will need to sign in as 'late before register close' (Code: L) at the school office. The register will close 30 minutes after lessons begin at 9.00 am. Anyone who arrives after this time will be marked as 'late after registers close' (Code: U).

Our afternoon session starts at 1.05 pm. This is when the register is taken. Students who arrive after this time will need to sign in as 'late before register close' (Code: L) at the school office. The register will close at 1.35 pm. Anyone who arrives after this time will be marked as 'late after registers close' (Code: U).

The school day finishes at 2.45 pm.

## Absence

If a child is unable to attend school, then parents/carers should inform the school by 9.00am on each day of absence by telephone on (0191) 2818486 (Years 7-11 is option 1 and Sixth Form is option 5) which has a 24 hour answering service. Parents can call into the school and report an absence to reception; however, it is preferable to make contact via our texting system, School Comms.

This contact should be made before 9.00 am.

Where a student is persistently absent, we may advise the parent/carer that absence should be reported to a particular member of staff so that appropriate support can be swiftly put into place. Where this is the case, parents will be informed as part of an agreed plan to reduce absence.

All students will be identified as absent once the registers have closed. If we have not received a reason for a student's absence, we will initiate our first-day calling procedures.

Contact will be made with the main contact listed for the student to establish the reason why the student is not in school. If no contact is established and we have not received a suitable reason for the student's absence, we will contact all individuals listed as emergency contacts. If school is unable to make contact by telephone, then a home visit may be conducted to establish the welfare of the student.

These procedures will continue to take place for each subsequent day of absence where the school has not been informed of the reasons why the student is absent from school.

If, after 3 days of the absence, the school has not received satisfactory reason for absence, the Designated Safeguarding Lead (DSL) must be informed. They will then decide the

appropriate next steps which may include a visit to the child's home, liaising with Children's Services or requesting a safe and well check from the police. It is expected that, for students identified as vulnerable by the school, these actions would be taken on the first day of absence. The DSL will routinely make the Head of School, Attendance Team, teachers aware of the vulnerable students within the school. Vulnerable students could include:

- Students who are subject to a multi-agency plan
- Students who have had previous involvement with children's social care
- Students who are looked after children
- Students with an education, health and care (EHC) plan
- Any other students identified as vulnerable by the school

This is so that the DSL can be informed of these students' first day of absence, and each subsequent day. This will allow the DSL to make an informed decision on the necessary response to the absence to ensure that students are safe.

Where students are receiving support from a social worker through local authority children's services, any unexplained absences should be reported on the same day to the child's social worker.

### **Types of absence**

Any student who is not present at registration will be marked as absent. This is unless leave of absence has been granted by the school in advance or if the reason for absence is already known and accepted by the school as legitimate.

The decision about whether the absence should be authorised or unauthorised rests with the Head of School or staff that have been designated to lead on attendance matters. Parents/carers cannot authorise absences and should be aware that while calling the school or providing a note for an absence complies with the school's attendance and safeguarding procedures, it does not automatically mean that an absence will be authorised.

Where a reason for absence is given and accepted by the school at a later stage, the register will be amended to reflect the original entry, the amended entry, the reason for the amendment, the date on which the amendment was made, and the name and title of the person who made the amendment.

### **Authorised absence**

Absences may be authorised by the Head of School or other designated staff in the following circumstances:

- Leave has been granted by the school in advance for exceptional circumstances. (Code: C) An application must be made in writing with appropriate evidence, in advance of the intended circumstance wherever possible. A leave of absence application is available via the school's website or from the school office.
- Leave of absence has been granted so that the student can participate in a regulated performance (such as a theatrical production), employment or to undertake regulated employment abroad (Code: C1)

- The student has been granted leave of absence as part of a temporary part-time timetable Code: C2).
- The school is satisfied that the child is too ill to attend (Code: I). At any point during illness, if the school have reasonable doubt about the authenticity of the illness, they may ask for medical evidence to support the absence. All evidence should be passed to the school.
- The student is attending an interview for employment or for admission to another educational institution (Code: J1).
- The student has a medical appointment (Code: M), although parents should try to make these out of school hours wherever possible, and to return their child to school immediately afterwards – or send him/her to school beforehand.
- There is an unavoidable cause for the absence beyond the control of the school (Codes: Y1 to Y7 – see appendix B).
- When study leave has been granted by the school. Study leave will not be granted by default once tuition of the exam syllabus is complete. In line with DfE guidance, it will be used sparingly and only granted to students during public examinations (Code: S).
- Where a student who is of non-compulsory school age (e.g. a sixth form student) is not required in school for a session because they have no timetabled lessons (Code: X).
- The absence occurs on a day exclusively set aside for religious observance when it falls on a day that is exclusively set apart for religious observance by the parents' religious body (Code: R).
- The student is of no fixed abode, his/her parent is engaged in a trade which requires him/her to travel, the student has attended school as often as the nature of the trade permits and, having reached the age of six, he/she has attended 200 sessions in the preceding 12 months (Code: T)
- In other exceptional circumstances and for a very limited period which is at the discretion of the Head of School (Code: C).

### **Unauthorised absence**

A student's absence will be unauthorised when the school has not received an appropriate reason for the absence, or the absence was not approved prior to it occurring. The Head of School is ultimately responsible for determining whether the reason given for the absence is appropriate.

We monitor all absence and the reasons given thoroughly, regardless of whether it has been authorised or unauthorised. Parents/carers will be informed regularly of their child's attendance and will be offered support where there is a decline in attendance.

### **Truancy**

Truancy is when a student does not attend school and their parents think that they are attending school. It can also be when a student goes missing from school having previously registered for the session. This behaviour is concerning. It puts students in a vulnerable position and may, in some cases, also indicate that they are at increased risk of harm or exploitation.

If it is established that a student has been in school, but is not where they are supposed to be, then a search of the site will be conducted to establish their whereabouts. If it is established that a student appears to have left the school site without permission, the school will attempt to contact the student's parents/carers immediately to inform them. Failing this, the police will be contacted and informed.

Any truancy will be managed in accordance with our Behaviour Policy and Safeguarding & Child Protection Policy.

### **Requesting leave of absence**

Any leave of absence during term time will only be granted in exceptional circumstances. It can only be authorised by the Head of School. Each application will be considered on a case-by-case basis.

Requests for leave of absence must be made in advance and submitted to the Head of School using the 'Request for leave of absence' form (see Appendix A). The form is available via the school's website and from the school office. The form should be submitted to the school, along with any other relevant supporting evidence.

If term time absence is not granted, taking a student out of school will be recorded as any unauthorised absence. This may result in a referral to the local authority and the absence could incur sanctions from the local authority such as a fixed penalty notice or fine.

Except in exceptional circumstances, the school will not authorise any application for leave during term time in the following cases:

- At any time in September. This is a vital period for all students to settle into new classes and routines.
- During assessment and examination periods in the school's calendar which affect your child e.g. GCSEs.
- When a student's attendance for the academic year already includes any level of unauthorised absence.
- Where a period of leave of absence has already been granted earlier in the academic year.

### **Temporary part-time timetables**

All students are entitled to a full-time education. Reducing a student's timetable is rarely in their best interests.

The school will only ever agree to a temporary part-time timetable in the most exceptional circumstances, and this must be discussed and agreed with Head of School. If the exceptional decision is made to reduce a student's timetable, it will be very time limited and only to support the student to build up their ability to attend full time. It will never be used as a strategy to improve a student's behaviour.

Where the school has agreed to a student being absent from school for part of the week or day then this absence will be recorded using Code C2.

## **Sixth form attendance**

Strong attendance is just as important for sixth form students as it is for all students.

- If students are not required in school for a session, then this should be marked as Code X
- That the school will agree with parents the times and dates when the student is expected to attend and communicate this to the parents in writing
- Whether students will be allowed off site at any point during the school day
- How safeguarding processes will work to enable leaders to accurately know who is on site and who is not
- Any other protocols in the sixth form that differ from the main school.

## **Study leave**

Study leave will only be granted for public examinations and will be communicated in advance with a parent. If a parent does not wish the student to take study leave, then provision will be made for them to attend school to undertake study.

Please note that study leave does not apply to internal examinations such as mocks, as DfE guidance states that study leave should not be granted in such cases.

## **Students who attend alternative provision arranged by the school**

A very small number of students may be registered at alternative provision on either a part- or full-time basis. This is typically a time-limited arrangement and will be discussed and agreed with the Trust's executive team.

When a student is attending alternative provision arranged by the school, then one of two attendance codes will be used:

- Where the student attends an unregistered provider – Code B
- Where the student attends a registered provider and is dual registered with the provider – Code D

For students who are dual registered with another provider but only attend part-time, Code D will only be used for those sessions that the student is expected to attend/access the provision.

Where the school has formal sports partnerships where students leave site during the school day, such as to attend a football academy, on a regular basis, attendance at these approved sporting activities will be recorded using Code P.

Where a student is attending alternative provision, arrangements will be in place so that school is notified swiftly if the student does not turn up at the provision so that the absence can be followed up promptly. Attendance of students at alternative provision is monitored in line with all students at the school. The actions and support outlined in this policy apply equally to students in alternative provision.

## **Students who attend provision arranged by the local authority**

In some cases, the local authority will take a lead on arranging the education provision for a student, such as where a student is too ill to attend school for a period of time. Where the local authority arranges the educational provision for a student, this will be recorded by the school using Code K. The school remains responsible for ongoing checks on the safeguarding arrangements and quality of provision for the student. Where the school disagrees with the local authority about the placement of the student, or where concerns arise as part of routine monitoring, the school should take swift action to provide appropriate challenge to the local authority. This must be recorded in writing and in any student records. Schools may wish to contact the Trust's education team for support in these instances.

## **Attendance and punctuality intervention**

At the start of each academic year, no later than the end of week two, a letter or communication will be sent to parents/carers of all current students who were on roll at the school in the previous academic year. This will state their attendance for the previous year and make clear the school's expectations that all students will aspire to achieve the school target of at least 97% attendance.

The school will also routinely send correspondence to parents, on a half-termly basis, to keep them abreast of their child's attendance. This correspondence will vary depending on how well a student is attending.

Where school identifies that a student's attendance or punctuality is causing concern, we will work with the family to support them to improve their child's attendance. Our support will take a staged approach. The focus will be on identifying any barriers to good attendance and working together with families and agencies to overcome these.

Parents/carers should speak openly about any concerns that they have around attendance. The school will provide support and guidance initially. If, however, it becomes clear that additional support from other agencies is needed, then further discussions will be held with parents/carers to identify what more can be done to improve a student's attendance. The school will also clearly explain the consequences of persistent and severe absence in these meetings but primarily, this meeting is an opportunity to explain the help that is available to avoid those consequences. This is likely to include a referral for Early Help where relevant.

We recognise that in the first half of the Autumn term, any absence may have a more significant impact on the overall attendance percentage for a student. However, we also know that catching poor attendance early, and taking prompt action to address this, avoids regular absence becoming a habit. Therefore, school leaders will monitor attendance on a fortnightly basis from the start of the academic year. During the first half term, we will use our professional judgement as to whether any intervention is necessary, based upon a student's previous attendance record. This may include letters home, and/or meetings with parents/carers.

From the second half of the autumn term onwards, we will follow the procedures outlined in the flowchart below:

**All parents and pupils receive:**

- A letter in September outlining last year's attendance and the school's expectations for this year.
- Regular reminders to pupils throughout the week about the importance of attendance and punctuality from all staff.
- At least half-termly communication to parents about individual pupil's attendance and any punctuality concerns.
- Rewards and recognition for strong attendance.

**Stage 1 - Pupil's attendance falls below 97%**

A Stage 1 letter is sent letting parents/carers know that a pupil's attendance is below our Trust and school target of 97%. Parents/carers are informed of who to contact if they require any support.

The pupil's attendance is closely monitored for a two-week period to see if their attendance improves. For pupils who have 100% attendance during this period, and for those who improve their attendance, a letter is sent congratulating the pupil. The school goes back to routinely monitoring the pupil's attendance and starts Stage 1 again if their attendance causes concern in the future.

**Stage 2 - Pupil's attendance does not improve after stage 1**

If there is further absence in the two to four week monitoring period and attendance has not improved, then a Stage 2 letter is sent. Parents are invited to send information into school about any attendance barriers. The school will work with parents to resolve any of these where possible, including referrals to external agencies if needed. The pupil's attendance is closely monitored for another two to four week period. For pupils who have 100% attendance during this period, and for those who improve their attendance, a letter is sent congratulating the pupil. The school goes back to routinely monitoring the pupil's attendance and starts stage 2 again if attendance causes concern in the future.

**Stage 3 - Pupil's attendance does not improve after stage 2**

If there is further absence in the two-week stage 2 monitoring period and attendance has not improved, then a Stage 3 letter is sent. From this point, any further absence from school is not authorised without evidence (e.g. medical note). Parents are invited in for a meeting to discuss how the school can support to improve the pupil's attendance. The school will work with parents to resolve any of these where possible, including referrals to external agencies if needed.

The pupil's attendance is closely monitored for another two-week period. For pupils who have 100% attendance during this period, and for those who improve their attendance, a letter is sent congratulating the pupil. The school goes back to routinely monitoring the pupil's attendance and starts stage 3 again if attendance causes concern in the future.

**Stage 4 - Pupil's attendance does not improve after stage 3 and is below 90%**

Where attendance does not improve after Stage 3 and the pupil's attendance is below 90%, school will refer the case to the local authority. This may lead to the local authority issuing a fixed penalty notice or further legal intervention.

Where a student becomes persistently absent (absent for 10% or more) then we require parents/carers to work with school to identify and remove any barriers to poor attendance. Where appropriate, this may include liaising and working with external agencies, such as the local authority and other organisations. In addition, medical evidence may be requested when the school deems necessary. For example, this could be where the school needs clarification to accurately record absence in the attendance register or if there is genuine and reasonable doubt about the authenticity of the illness. In all cases of absence, the school has the final decision on whether to record the absence as authorised or unauthorised.

Where a student has severe absence (absent for 50% or more), a joint approach to addressing the absence with the family will be agreed with the local authority.

## **Legal intervention**

We want to work positively and proactively with families to secure good attendance. If parents/carers are fully engaging with any support and acting responsibly to try to improve their child's attendance, the school's approach will always be supportive. The school will allow sufficient time for any identified intervention to result in attendance improving. Where attendance is improving, the school will not take any legal intervention against a parent/carer. However, where engagement strategies are not having the desired effect, we will consider the following next steps:

- Holding a formal meeting with parents/carers.
- Working with the local authority to put an attendance contract place.
- Engaging children's social care where there are safeguarding concerns in line with our child protection policy, particularly where absence becomes severe.

Where the above measures do not improve attendance, then the Head of School will consider referring the case to the local authority for consideration of legal intervention. The local authority may then decide to issue a fixed penalty notice, in line with the National framework for penalty notices. The threshold for considering whether to issue fixed penalty notice is 10 sessions of unauthorised absence in a rolling period of 10 school weeks.

The first penalty notice issued to a parent in respect of a particular student will be charged at £160 if paid within 28 days. This will be reduced to £80 if paid within 21 days.

A second penalty notice issued to a parent in respect of the same student is charged at a flat rate of £160 if paid within 28 days.

A third penalty notice cannot be issued to a parent in respect of the same student within three years of the date of issue of the first. In these case, alternative action should be taken which will often include considering prosecution.

Where a student's attendance still does not improve following these measures, then the local authority may consider an Education Supervision Order (ESO). As a last resort, the local authority may consider prosecuting parents for failing to address their child's poor attendance. The decision to prosecute remains solely with the local authority.

## **Term-time holidays and missing school for recreational activities**

Generally, the DfE does not consider a need or desire for a holiday or other absence for the purpose of leisure and recreation to be an exceptional circumstance. This would include missing school to attend a trip away with an external sports club or attending dance competitions that are not linked to the school.

In light of the DfE's stance on holidays, in the vast majority of cases the school is unable to grant leave of absence for a term-time holiday.

Where leave of absence has not been granted, but the student does not attend, the Head of School will refer the case to the local authority in line with the National Framework. This may lead to the local authority issuing a fixed penalty notice.

## **Monitoring and analysing attendance data**

The school will monitor attendance and punctuality on a fortnightly basis. Data will be analysed for the whole school to identify any trends or patterns that exist. Leaders will identify whether there are particular groups of students whose attendance or punctuality may be a cause for concern.

Leaders will analyse attendance and absence data regularly to identify individual students who need additional support with their attendance and use this analysis to provide targeted support to students and their families. We will routinely monitor attendance for the following cohorts:

- Whole school
- Individual year groups and classes
- Boys and girls
- Students with special educational needs and/or disabilities (SEND)
- Students eligible for pupil premium funding
- Students who are looked after children or previously looked after children
- Students who have a social worker or on a multi-agency plan
- Students with English as an additional language
- Students who are persistently absent or severely absent

Absence data is published at national and local authority level through the DfE's school absence national statistics releases. Leaders will compare the school's attendance data to the national average and the same time period for the previous academic year. They will share this with the Governing Committee who will explore the impact of leaders' work to reduce absence.

The school will also use this attendance information to monitor the impact of any interventions put in place in order to evaluate them and inform future strategies.

## Legislation and Guidance

This policy meets the requirements of the [Working together to improve school attendance](#) from the Department for Education (DfE), and refers to the DfE's statutory guidance on [school attendance parental responsibility measures](#). These documents are drawn from the following legislation setting out the legal powers and duties that govern school attendance:

- Part 6 of [The Education Act 1996](#)
- Part 3 of [The Education Act 2002](#)
- Part 7 of [The Education and Inspections Act 2006](#)
- [The Education \(Pupil Registration\) \(England\) Regulations 2006 \(and 2010, 2011, 2013, 2016 amendments\)](#)
- [The Education \(Penalty Notices\) \(England\) \(Amendment\) Regulations 2024](#)
- [The School Attendance \(Pupil Registration\) \(England\) Regulations 2024](#)
- [Education \(Information about Individual Pupils\) \(England\) \(Amendment\) Regulations 2024.](#)

This policy also refers to the DfE's guidance on the [school census](#), which explains the persistent absence threshold.

The policy has taken account of the Education Select Committee's report on tackling absence: <https://publications.parliament.uk/pa/cm5803/cmselect/cmeduc/970/report.html>.

## Monitoring and Review

The governing committee is responsible for monitoring implementation of this policy at school level. The Board of Trustees are responsible for monitoring implementation of this policy at Trust level and may delegate this responsibility to the Trust's Executive team.

This policy will be reviewed bi-annually or in line with legislative changes.
