There are lots of places in Newcastle where you can learn English or practice your conversation skills. The name for this is ESOL, which means 'English as a Second or Other Language' or 'English for Speakers of Other Languages'.

Classes can be informal groups to help you build your confidence in speaking English. Or formal classes where you can get a certificate or qualification to show that you can speak English. A certificate can be useful to [help you to get ready to work or apply for jobs](#).

### Eligibility: What does it mean?

Some of the places listed on this page give free lessons to everybody who needs them. Some places can't give free lessons to everyone. This means some people get lessons for free and some people pay for lessons. You can have the lessons for free or a reduced price, if you are *eligible*. The place of learning will check if you are eligible for free lessons before you start studying.

### ESOL classes in Newcastle
